EDUCATION

PES Modern College of Engineering, Pune
B.Tech - Information Technology - CGPA - 8.15

2021 – 2025
Pune, Maharashtra

EXPERIENCE

Programmer Analyst Trainee at Cognizant

June 2025 - Present

Role - Programmer Analyst Trainee

Pune, Maharashtra

- Developed and executed automated test scripts using **Java**, **Selenium WebDriver**, and **TestNG** for functional, regression, and integration testing of web and mobile applications.
- Performed database testing and validation using **MySQL**, ensuring data integrity and consistency across applications.
- Actively contributed in Agile-based development cycles, participating in sprint planning, daily stand-ups, and retrospectives.

Intern at Extion Infotech

feb 2024 - March 2024

Role - Web Developer

Pune, Maharashtra

- Developed and maintained responsive websites using HTML, CSS, JavaScript, and React.
- Collaborated with senior developers to implement new features and fix UI bugs.
- Followed Agile methodologies and used Git for version control.

PROJECTS

CSK QuickBite – Online Food Ordering Web App 🗄 | MERN Stack, Razorpay, Leaflet

2025

- Developed a secure, full-stack food ordering web application using MERN stack with Razorpay payment gateway integration.
- Implemented real-time order tracking using Leaflet and built responsive interfaces for users and restaurants.
- Focused on order management, seamless UX, and robust admin controls for smooth operations.

Wanderlust – Travel and Tourism Website 🗄 | MERN Stack, REST APIs, Auth

2024

- Built a full-featured property rental platform with MERN stack, focusing on performance, security, and scalability.
- Implemented secure authentication, advanced filtering, property listing management, and a review system.
- Enabled users to explore, book, and review short-term rentals through an intuitive and dynamic interface.

MERN Stack Service Web App 🗄 | MERN Stack, JWT, Admin Panel

2024

- Designed and developed a secure MERN-based service portal with JWT authentication and role-based access.
- Created an admin panel for managing users, handling contact inquiries, and ensuring streamlined backend operations.
- Prioritized functionality, security, and responsive UI for both end-users and admin interfaces.

TECHNICAL SKILLS

Languages: Java (Core Java, OOP), C++, JavaScript, C, SQL

Java Backend Development: Servlets, JSP, Hibernate, JDBC, RESTful Web Services, Microservices Architecture

Spring Ecosystem: Spring Framework, Spring MVC, Spring JDBC, Spring ORM, Spring Data JPA, Spring Boot, Spring AOP, Spring Security

Web Technologies/Frameworks: HTML5, CSS3, JavaScript, React.js, Node.js, Express.js, Bootstrap, REST APIs, JSON

Databases: MySQL, MongoDB

Quality Engineering Automation Tools: Playwright, Selenium WebDriver, TestNG, JUnit, Postman API Platform, Brity RPA Designer, Brity RPA Orchestrator

Developer Tools: VS Code, IntelliJ IDEA, PyCharm, Git, GitHub, Jira, Canva

Testing: Manual Testing, Automation Testing, API Testing, Functional Testing, Regression Testing
